

The 2015-2016 school year was an extraordinary year for the Mountain View Educational Foundation (MVEF). Thanks to a \$400,000 gift from Google via the Tides Foundation that was matched with overwhelming community donations, we were able to exceed our fundraising goals and broaden our donor base. We would like to extend our sincere thanks to all of the donors who helped make that year the most successful fundraising year to date. Our donors, like our Board, care deeply about providing a quality and enriching educational experience for all of the children at every school in the Mountain View Whisman School District.

Because of your donations, our gift to the district of **\$692,715** paid for essential programs at the elementary schools, such as art, music, science kits, Living Classroom outdoor education, Jim Wiltens' leadership classes and environmental education and field trips. At the middle schools, we funded after-school sports and electives, science labs, and **\$100,000** towards the capstone eighth-grade Naturebridge week-long trip to Yosemite.

The extraordinary grant we received enabled us to add an additional \$50,000 for musical instrument repair and replacement and \$50,000 for school libraries to the 2015-2016 gift, as well as an additional year commitment to fund \$100,000 toward the Naturebridge Yosemite trip in 2016-2017. Generally, MVEF raises money in its current fiscal year to fund current year programs.

MVEF-supported programming impacts our students every school day. We are very fortunate to have a broad donor base made up of parents, community members and corporate supporters who want to make a difference in the lives of our district's children. We hope you will help us continue to provide essential and innovative programming for the children of Mountain View. Thank you for your support.

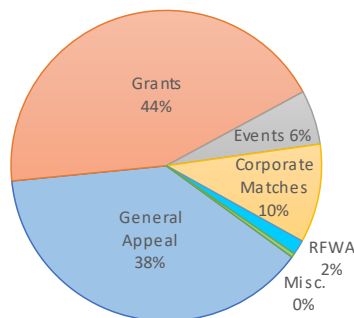

Adrienne Heiskanen, Board President
