

Mountain View  
Educational Foundation

Annual Report 2011-2012

## 2011-12 Financial Summary

(Unaudited Finances for the fiscal year ending June 30, 2012, excludes in-kind donations)

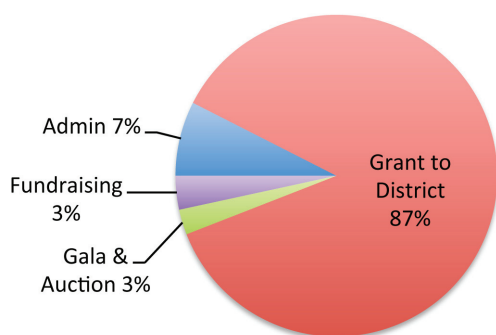

### INCOME

### Income

General Appeal	340,079
Gala & Auction	102,193
Corporate Matches	51,772
Realtors/House Tour	14,875
Endowment	4,500
Grants	165,000
<b>Total Income</b>	<b>\$ 513,419</b>

### EXPENSES

### Expenses

Administrative	46,679
Grant to District*	540,000
Gala & Auction	15,798
Fundraising	21,160
<b>Total Expenses</b>	<b>\$ 586,679</b>

### Balance Sheet

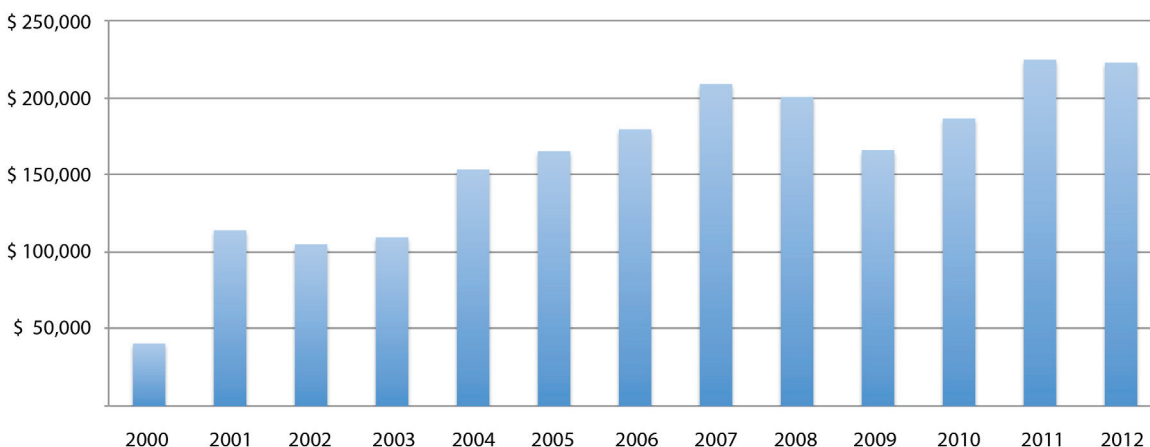

Retained Earnings	215,232
Endowment	225,623
<b>Net Assets</b>	<b>\$ 440,855</b>

\*an additional \$20,000 from a three year grant was used to fund the CSMA concert series.

## Mountain View Educational Foundation Endowment

The MVEF Endowment was created in November 1999 with the goal of providing long-term, perpetual financial support to MVEF. Gifts to the Endowment are an investment in the long-term health of our community and our schools. To date, the growth in the fund has been reinvested in order to grow the principal. Once the fund reaches \$500,000, a portion of the return will be disbursed to MVEF each year.

The endowment is professionally managed by the Silicon Valley Community Foundation focusing on long term stability and growth. Contributions and planned gifts of all sizes are welcome to help grow the MVEF Endowment.

Dear Supporter,

It is an honor to write this letter for the MVEF annual report, because I get to say thank you. *Thank you, MVEF donors and supporters.* You have expanded your generosity, allowing MVEF to exceed its original fundraising goal.

Last year, we gave grants totaling \$540,000 to the Mountain View Whisman School District. In the fall of 2011, our goal was to grant \$500,000. Thanks to your generosity, we were able to give 28% more than the 2010-11 grant of \$422,000 – which was already 25% higher than the 2009-10 grant.

In this era of ever-tighter budgets, the way our community has rallied in support of high-quality, well-rounded education is remarkable. It's inspiring to serve as President of MVEF and see firsthand the commitment and philanthropy of our corporate, community, and parent donors.

MVEF has continued its long-standing commitment to pay for critical programs no longer supported by state and federal funds. This includes art and music education in the elementary schools, musical instrument purchase and repair, extended-day electives and after-school sports for the middle schools, and support for hands-on science education with FOSS science kits in elementary schools and science lab equipment and supplies at the middle schools.

One of our exciting new programs is our technology grants. Last year, the District began a classroom pilot program using Khan Academy, a free online educational system. However, in order to use Khan Academy and other web-based programs such as ST Math, students need access to internet-enabled computers. MVEF started a series of technology grants to each school. Last year, six schools received funds to purchase carts with laptops that can be moved between classrooms as needed. We will continue the technology grants to the other three schools in 2012-13.

The challenges facing public funding of schools will continue into the foreseeable future. We must work together each year to sustain our excellent schools. Our goal is 100% parent participation. You can donate your time, your money, or both. Our fundraising goal for 2012-13 is to match last year's \$540,000 grant to the District.

Thank you again for your generosity. I hope you will continue to invest in the future of Mountain View's children, and to help us to provide our children with the art, music, science, sports, and electives that are essential to a high-quality education.

Sincerely,

*Liza Levin*

Liza Levin  
President

## Mountain View Educational Foundation Donors

Thank you to the following individuals and families who made contributions to MVEF's 2011-12 campaign as of June 30, 2012. Where possible, matching gifts have been attributed to the primary donor and are indicated by an asterisk. We have made every effort to list each name correctly, and we sincerely apologize for any errors or omissions — they do not reflect how much we appreciate your support. Please email [contact@mvef.org](mailto:contact@mvef.org) if you find any mistakes or have any questions. Again, our sincere thanks to all of our donors.

## FOSS Kits Provide Hands-on Science

I love the FOSS kits and so do the children! They absolutely love science and it's very exciting because it's all hands-on. The parents teach and the kids are so actively engaged. With the FOSS kits, everything comes ready for us: everything is there, not just the supplies, but even the vocabulary that we need. The parents can even watch videos about each lesson before helping. It's a wonderful program.

## Art Education Teaches Qualitative Judgment

Having art classes in elementary school is essential! So much of the school curriculum is about following rules and getting the right answers. When children are making art, they are making choices and learning to make judgments about what is correct in their opinion. Art offers a creative avenue for children—they share and learn from each other, and are able to express their emotions.

## Extended-Day Electives Engage Students

Last year, with MVEF support, we were able to purchase new lights for our school TV studio. We're hoping to purchase additional cameras so the students can get more hands-on experience filming their own projects. Maintaining these types of extended day programs and after-school sports helps support students' academic, social and emotional needs. Having these resources is especially critical in middle schools.
